Legislative Council Informal Voting Summary

Informal Voting

Informal voting decreased in the Legislative Council from 3.18% to 2.83% in comparison with 2005 State General Election.

Ballot papers that are blank, do not show preferences in accordance with instructions and/or legislative requirements, or do not make the voter's intention clear are classified as informal. A ballot paper will also be informal if the voter can be identified through a marking on it. Informal ballot papers do not contribute to the election of a candidate and are not included in calculating the quota or absolute majority required for election.

Blank ballot papers constituted 48% of the informal vote, and ballot papers which were scribbled on comprised 19%.

Legislative Council Type of Votes: Comparative Summary 1993 to 2008

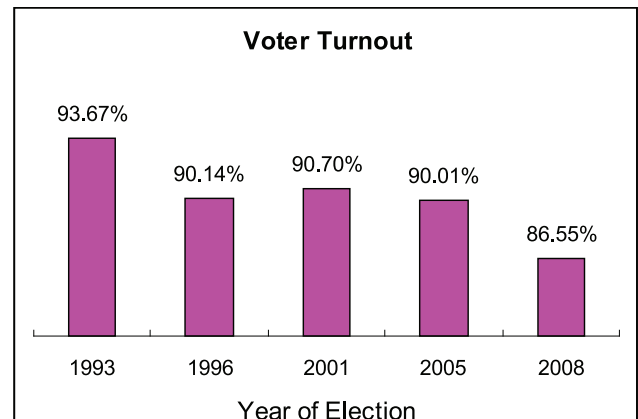

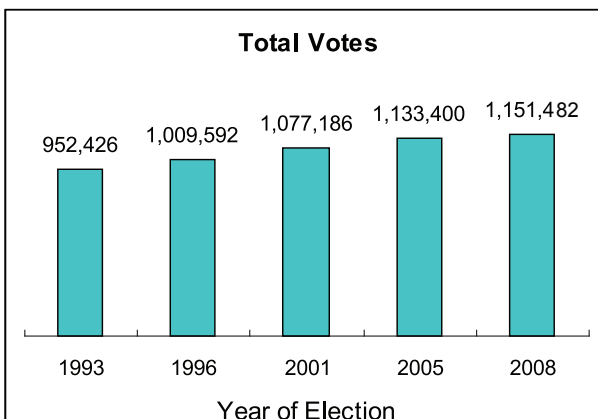

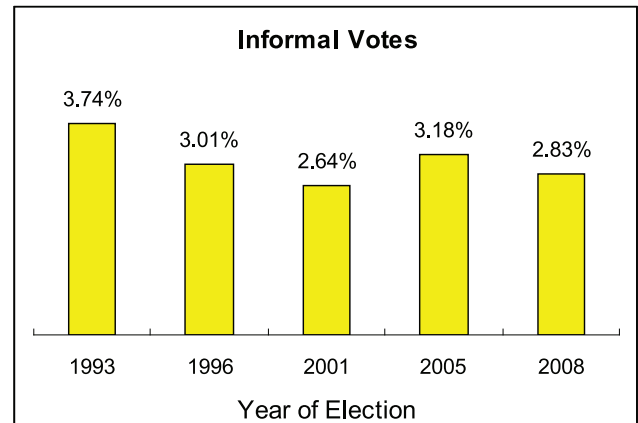

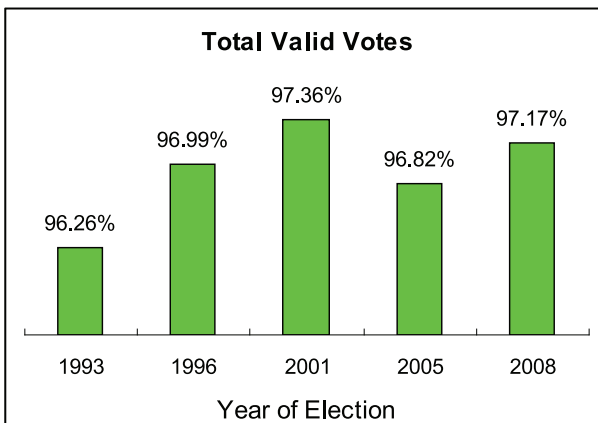

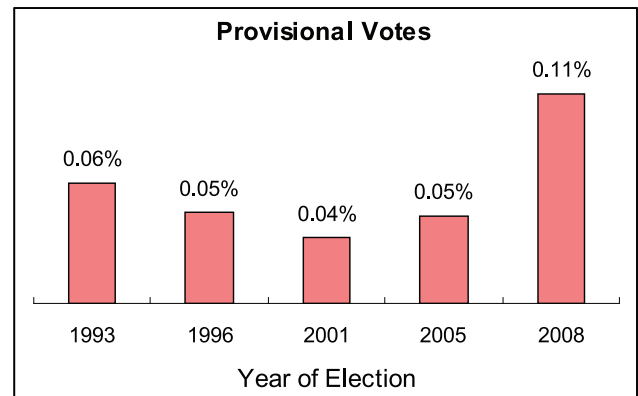

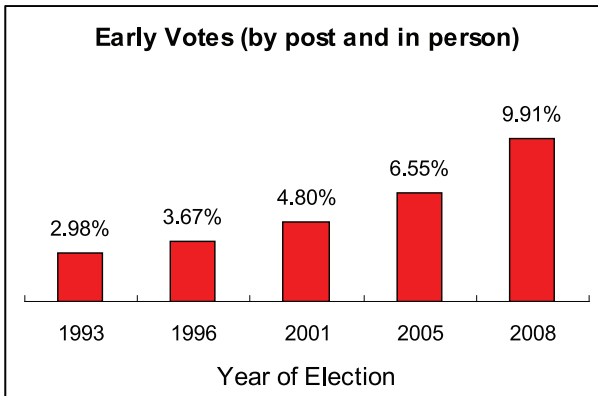

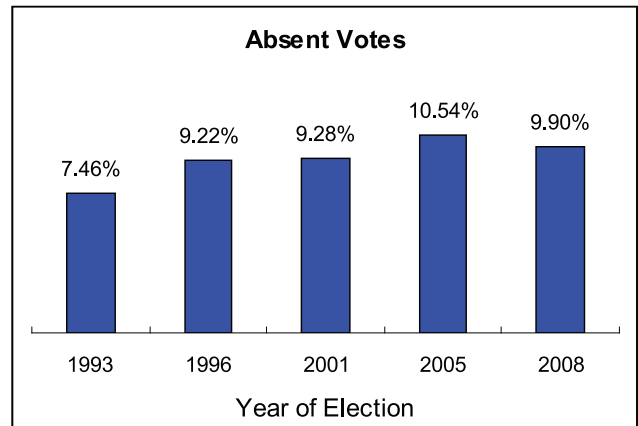

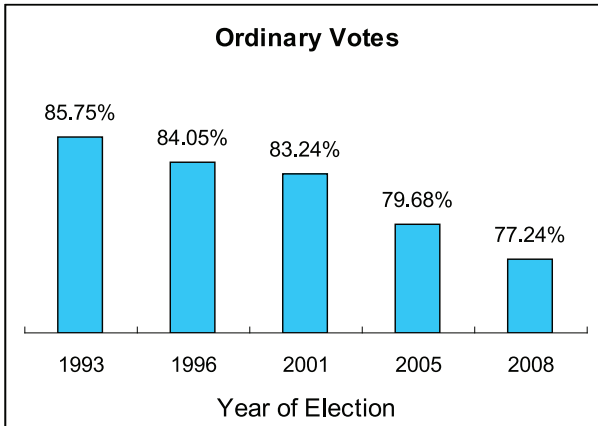

Type of Votes Recorded

Early voting (by post and in person) figures, while issued separately have been aggregated as early votes in the graph below. This has been done to provide for easier comparison with reports of previous elections.

There was a consistent increase in the number of early votes recorded in 2008. This could be due, in part, to a growing awareness of the availability of early voting.
